## Explanatory Notes

1. Name and registered address of the Organisation ....  
is the name and address of the Organisation's registered office as recorded in the Companies Registry of the HKSAR if the Organisation is a company incorporated under the Companies Ordinance (Cap. 622) in Hong Kong. For a Government Department, it is the name and address of the Government Department. For a sole-proprietorship business, the name of the Organisation shall be the name of its sole-proprietor and the name of the business marked on its business registration certificate issued under the Business Registration Ordinance (Cap. 310) while the address shall be the address shown on the same certificate. If the Organisation is not incorporated nor registered in HKSAR, the name and address of equivalent status under the law of the Organisation's place of incorporation or registration should be used.
2. Chief Executive ....  
is the person within the Organisation with authority to enter into contractual arrangements on behalf of the Organisation. He/she is required to accept, in a corporate capacity, responsibility for ensuring that the certification body or validation and verification body for which accreditation is sought will at all times adhere to Regulations for HKAS Accreditation in full. For an initial application for accreditation or when there is a change of the Chief Executive, HKAS Executive will process such application or the change of the Chief Executive only if this application had included supporting document(s) which authorise the Chief Executive to enter into contractual arrangements on behalf of the Organisation.
3. Name of the certification body or validation and verification body ....  
is the name used by the Organisation to identify the certification body or validation and verification body which performs the certification or validation and verification activities for which accreditation is sought, e.g. Certification Division.
4. HKCAS Authorised Representative ....  
is the person nominated by a certification body or validation and verification body to represent it in all matters affecting the day to day maintenance of accreditation status. He/she is therefore responsible for liaison with HKAS Executive. The roles and responsibilities of the authorised representative are described formally in HKAS 002.

HKAS Executive recommends that a certification body or validation and verification body should nominate an individual of appropriate seniority who has a close appreciation of its activities and also a direct interest and influence in the standard of its performance as the authorised representative.

The Chief Executive may nominate himself/herself as the authorised representative.
